COVID-19 Quarantine Food Delivery Service

If you don't have a dorm friend who can bring or prepare your food, we recommend you to follow the following steps.

1) If you can pay your food on-line, download [coupang eats(쿠팡이츠)] app.

[Coupang eats]app offers English language service but **you can only pay by prepayment method.*

If you are yet to make an ARC and you don't have a method to pay on-line, download [배달의 민족] app.

[배달의 민족] app only offers Korean language service but **they allow you to pay by credit card or cash in person. (directly to the food delivery man)*

**If you are having a problem with a Korean on this app, please ask your Korean or RA for help of using this app.*

2) You need to enter a **phone number** in order to join the both apps. If you don't have a Korean phone number yet, ask your RA to lend his/her phone number instead.

3) If you are using [배달의 민족] app and you wish to pay in person [만나서 결제] (not on-line), security guard and RA will pay with your credit card/ cash instead and bring your food to the door.

A. After you make an order, please call the front desk (CJ: 02-3290-1806/ AI: 02-3290-9583) and tell them when your food will arrive and ask them to pick up your payment methode(cash/credit card) in front of the door.

B. Put on a glove or wrap your card with a tissue and put it in front of the door.

C. If you think your food is about to arrive, please call the front desk again to remind the security guard about your delivery arrival.

4) Between 20:00~ 24:00(RA working hours) RA will replace the security guards and do the 3) job for you.

* Below are the times security guards can't bring food for you.

CJ international house	Anam international house
07:00 ~ 08:30 (security guard breakfast break) 12:00 ~ 13:00 (security guard lunch break) 17:30~ 18:30 (security guard dinner break) 18:30~ 19:00 (security guard on patrol) 21:00 ~ 21:30 (security guard on patrol)	07:00~08:30 (security guard breakfast break) 12:00~13:00 (security guard lunch break) 15:00~16:00 (security guard break time) 17:30~18:30 (security guard dinner break) 20:00~ 21:00 (security guard break time)

* If neither security guards or RAs are responding to your call, you can retrieve your food by yourself. Please use stairways instead of elevators to avoid bumping into other students.

5) If you don't have a visa/master card and you only have some cash, you can still pay in person [만나서 결제-현금] through [배달의 민족] app and the process is the same as 3), 4).

The only difference is that you leave cash in front of your door instead of a card and the security guard or RA will return you the change with the receipt.

*If you couldn't prepare any cash, we recommend you to ask a friend to borrow you some money or go to ATM instead of you. If this isn't possible, ask RA to order a food instead.

However you must give RA the money they spent to order your food.

RAs will try their best to keep a contact with you. However, if RA is not responding you within an hour, you can leave a message to RA and call the front desk to go out to buy a food by yourself.

Please return within an hour. When you are going out to buy a medicine or other stuffs, please use the stairway.

(Elevators aren't allowed)

(*In Korea Covid-19 infected people are forbidden to go out except for going out to buy a medicine. So your leave should be very quick.)
